SASKATCHEWAN ENERGY AND MINES
SEDIMENTARY GEODATA

APRIL 1992

Although the Department of Energy and Mines has exercised all reasonable care in the compilation, interpretation and production of this report, it is not possible to ensure total accuracy, and all persons who rely on the information contained herein do so at their own risk. The Department of Energy and Mines and the Government of Saskatchewan do not accept liability for any errors, omissions or inaccuracies that may be included in, or derived from, this report.

This catalogue lists all continuous velocity survey locations which have achieved non-confidential status in accordance with the Oil & Gas Conservation Regulations, 1985.

The files may be viewed at, or requests for survey prints may be forwarded to, the address below.
